WRCNO PARTIES ARRESTED.

Suspected Kidnappers of Missing Delaware Boy Released.

Salt Lake City, March 15.—Two women and a man were taken from a southbound train here, the police believing that a child in their custody was the missing son of Dr. Horace Marvin of Dover, Del. At the police station the suspects promptly exonerated themselves and they were then released. It transpired that the trio had been followed all the way from Chicago by private detectives and that the latter gave the tip which caused the travelers so much annoyance.

## BORDERING ON PANIC

TRADING ON NEW YORK STOCK EXCHANGE IN A DEMORALIZED CONDITION.

### HIS VIEWS ARE UNCHANGED

PRESIDENT ROOSEVELT WILL NOT ALTER HIS ATTITUDE TOWARD RAILROADS.

New York, March 15.—Under the effect of 25 per cent money and the generally pessimistic sentiment developed as a result of the recent heavy decline trading on the Stock Exchange Thursday reached a stage of demoralization bordering on actual panic. The worst period of the day was shortly before the closing of the Stock Exchange session, although there was an extremely violent falling off in prices between 12 and 1 o'clock. New low records for the year and in some instances for several years were established in the active speculative issues under precipitate selling with the market apparently without buying orders other than those of the bears to cover their short contracts and realize their profits. The closing quotations showed the following declines for the day in leading shares:

Amalgamated Copper, 17%; American Smelting, 16%; St. Paul, 13%; Consolidated Gas, 7; Delaware and Hudson, 19%; General Electric, 9%; Great Northern, 5%; Minneapolis, St. Paul and Sault Ste. Marie, 6%; Missouri Pacific, 7%; National Lead, 12%; New York Central, 6; Norfolk and Western, 7%; Northern Pacific, 8; Pennsylvania Railroad, 6%; Reading, 20%; Southern Pacific, 5%; Twin City Rapid Transit, 5; Union Pacific, 20%; United States Steel, 3% and United States Steel preferred, 4.

In most instances even these figures do not represent the extreme declines, as Reading closed 2 points above the lowest and Union Pacific 4½ above the lowest of the day. The total sales were 2,719,906, the largest total on any day in the recent trading. The announcement of government relief for the money situation was not received until after the close of the Stock Exchange.

### Little to Account for Weakness.

Other than higher money and the generally bearish feeling there was nothing to account for the market's weakness unless it was the nervousness of stock market traders as to the attitude of the national administration toward the railroad corporations. Just before the midday break a rumor was circulated and was given considerable credence, to the effect that a banker who had just returned from Washington had reported to his friends that the president had declared that his views as to the railroads had not changed and that he saw no reason to change them at this time. For several days Wall street had taken the view that the recent heavy declines in securities had not been without effect in Washington and that a modification of the attitude of the president and the interstate commerce commission toward the great trunk lines might be looked for.

Great disappointment was expressed at the news credited to the banker quoted as authority for the statement that there will be no such change. The banker himself when approached on the subject by newspapermen, said he did not care to be quoted further than to say that he believed the administration thoroughly understood the financial situation and the conditions as they applied to railroads and industrial corporations. Rumors in circulation that government relief might be looked for, official confirmation of which were received after the close, were without effect on the stock market trading. None of the reports in circulation as to foreign financial difficulties received confirmation and in fact the London market showed ad-

vances for American securities. This fact, however, was without effect on the New York exchange except for a short time after the opening of trading.

## REMAINS UNCHANGED

PRESIDENT ROOSEVELT SEES NO REASON FOR ALTERING HIS ATTITUDE.

Washington, March 15.—For more than forty-eight hours the White House and treasury department have been flooded with appeals for President Roosevelt and Secretary Cortelyou to take some action to avert the "threatened disaster" in the financial railroad world. It can be stated authoritatively, however, that President Roosevelt will not change his attitude toward the railroads, though it is admitted that the administration has no intention of entering on an extremely radical attack on the railway corporations.

While it is known that the visit of J. Pierpont Morgan to the White House last Monday night to induce the president to issue a reassuring statement to the country in regard to the administration's attitude toward the

railroads, and the apparent failure of the financier's appeal has had much to do with the panicky conditions that swept over Wall street Thursday, President Roosevelt has repeatedly said that he is not an enemy of the railroads and that those that obey the laws have nothing to fear from the government. While it has not been definitely decided, the president may issue a statement outlining his attitude after he has conferred with Presidents McCrea, Newman, Mellen and Haight on the railroad situation.

The conference with the four railroad magnates, which was granted by the president at the earnest request of Mr. Morgan, will be held the early part of next week. It is generally understood by those close to the president that the railway officials will urge Mr. Roosevelt to take some steps to "allay the public anxiety now threatening to obstruct railroad investments and construction and as to the relations between the railroads and the government."

Since Mr. Morgan's hurried trip to the White House the president has held numerous conferences with Chairman Knapp and members of the interstate commerce commission in order that he may be in a better position to present the administration's side of the question when he meets the railroad presidents next week.

### Railroad Interests to Blame.

The administration is firmly convinced that the great unrest in financial circles has been brought on by the arguments advanced by the railroad interests in trying to prevent "hostile legislation" in the various states and not by the attitude that the federal government has taken to enforce the laws regulating the common carriers. E. H. Harriman, when he was in this city recently, and President A. B. Stickney of the Chicago Great Western, who called at the White House Thursday, have expressed the same opinion.

In his interviews with the members of the interstate commerce commission, the president is fortifying himself with regard to all the facts that body has disclosed during its various investigations. In this way he will be able to meet argument with argument and fact with fact. The president, it is known, takes the same position assumed when he sent his message to congress last December and called attention to the fact that "during the past five months," within which the new law was operative at that time, "the railroads have showed increased earnings and some of them unusual dividends." This, the president believes, refutes the claims of the railroads at the time that the new law would ruin them, and emphasizes the fact that rate legislation either by federal or state governments is not the cause of the present panicky conditions.

The president, too, has referred significantly to another part of his message in which he said:

"It must not be supposed, however, that with the passage of these laws it will be possible to stop progress along the line of increasing the power of the national government over the use of capital in interstate commerce."

### Has Taken No Backward Step.

In pointing out these and other passages from his recent message to those with whom he has talked, the president has indicated that he has taken no backward steps in his views as to the advisability of making the regulations and laws still stronger along certain lines.

Although believing that the conditions in New York are due to nothing for which the administration is responsible, the president believes he has done everything that consistently can be done to give relief to the money market.

The order issued by Secretary Cortelyou Wednesday, followed by the order of Thursday, prevents the with-

drawal of large sums belonging to the government and provides the way for the use of additional funds in Wall street. The first order put a quietus on the rumor that the treasury was to immediately withdraw the additional deposits put in the banks last October, amounting to \$30,000,000. Thursday Mr. Cortelyou issued an order that the \$18,000,000 additional currency taken out by the national banks could be held by them without substituting federal for the state and other bonds with which it is now secured. This, it is pointed out, will prevent a sharp demand for government bonds for deposit as security.

Another step which will put about \$1,000,000 a day into circulation is the deposit of customs receipts in the depositories, as provided under the new currency act.

### FOLLOWING NEW YORK PANIC.

Violent Break on Philadelphia Stock Exchange.

Philadelphia, March 15.—There was a violent break on the Philadelphia Stock Exchange following the panic in New York. Although the sales were not heavy, prices crumbled and at the close the market appeared to be in a semi-demoralized condition. Reading led the decline, the price for that stock following the New York figures.

The prices quoted for some stocks are the lowest they have sold in several years.

## BARS JAP LABORERS

PRESIDENT ROOSEVELT ISSUES AN ORDER CARRYING OUT ACT OF CONGRESS.

Washington, March 15.—President Roosevelt has issued an executive order directing that Japanese or Korean laborers, skilled or unskilled, who have received passports to go to Mexico, Canada or Hawaii, and to come therefrom, be refused permission to enter the continental territory of the United States. This is practically the final chapter, except so far as the question may be taken up in treaty negotiations with Japan, in the issue growing out of the differences with that country over the action of the San Francisco authorities in prohibiting Japanese school children attending the schools set aside for the whites.

Authority to refuse permission to the classes of persons cited by the president to enter the continental territory of the United States is contained in the immigration bill approved Feb. 20. It was incorporated in that measure at the request of the president and in fulfillment of a promise he made to Mayor Schmitz and the school board of San Francisco during their negotiations at the White House, if the San Francisco authorities would rescind their action on the school question. The promise of the president and that of Mayor Schmitz and his associates brought to a close the controversy over the school question, which had given the Washington authorities considerable concern.

### Japanese Girls Admitted.

San Francisco, March 15.—Nine little Japanese girls, who applied for admission to the Redding primary school, were admitted after an examination as to their knowledge of the English language.

### Flagman Killed.

Kingston, O., March 15.—By a fire following a rear-end collision between two sections of an extra freight train on the Western and Atlantic railroad here, Flagman Maulding was killed and his body partly cremated. Fireman Wadeley and Engineer Cutt were injured and twenty loaded cars were destroyed.

### STRIKERS ACCEPT TERMS.

Employees of Louisville Railway Company Will Return to Work.

Louisville, Ky., March 15.—By a unanimous vote the 800 striking union employees of the Louisville Railway company decided to accept the terms agreed upon by their executive committee and the officers of the company. All the strikers will go back to work and full service on the city and suburban lines operated by the company will be resumed at once. The strike began at 5 o'clock last Sunday morning and caused a practically complete tieup of all the company's lines.

The negotiations for peace were resumed at the offices of the railway company at Twelfth and Jefferson streets, while the wildest riot that has occurred since the strike began was at its height only five blocks away.

The roar of the mob and the occasional crack of a pistol could be heard at the offices and doubtless hastened the negotiations.

The most serious rioting since the strike began was witnessed at Fourteenth and Chestnut streets. Five cars were broken to pieces. Several persons were badly injured, among them Police Corporal Whitman.

### \$6.00 in cash prizes \$3.00600 in cash prizes.

We organized our young ladies' embroidery class into a Richardson's embroidery club last Saturday that they might compete for the cash prizes that they are offering for the best piece of work completed with their silks. They will distribute \$3.00600 in prizes and we know that if our young friends will enter the contest they may reasonably expect to earn some of this amount.

#### Our prize offer

Besides this we offer \$6.00 in cash for the three best pieces of work to be completed by June 15th. We will have competent artists judge the work and make an exhibition of the work done by the class at that time. The prizes will be distributed as follows:

**\$3.00 for first prize.  
\$2.00 for second prize.  
\$1.00 for third prize.**

The contest begins tomorrow morning at 9 o'clock. Send the young ladies' out tomorrow morning.

### About Selecting Materials

As the class will begin promptly at 9 o'clock we would suggest that the young ladies' who have materials to select come at 8:30.

### DOWIE'S FUNERAL SERMON.

Deemed Unwise Have It Read at His Funeral.

Chicago, March 15.—Six weeks before he died John Alexander Dowie, founder of Zion City and first apostle of the Christian Catholic church, prepared his own funeral sermon. Because of the character of the sermon, however, it was decided not to permit it to be read at Dowie's funeral lest it should bring greater dissension in Zion City. This little city on the west shore of Lake Michigan, which had for its password "Peace Be With Thee," is now torn to pieces by religious factions and an effort is to be made to bring the warring interests together once more in unity and instead of Dr. Dowie delivering a message from the grave to his followers, Judge Barnes, a life time friend and an overseer of the church, preached a simple sermon in which he extolled the good qualities of the dead man.

Although the sermon prepared by Dowie before his death was not used in the funeral rites, it was given out for publication. The sermon makes it evident that Dowie did not forgive his enemies before he died, as he lashes those who ousted him from control as "dogs of hell."

There was a small sized panic during the funeral ceremonies because of the announcement that another of Voliva's followers was dying. In the past week three of his lieutenants who held the same positions in the church under Dowie, have suddenly died and when it was said that a fourth was likely to die before morning several of the mourners ran from the tabernacle, shouting that Zion was being cursed by God. This excited the rest of the 3,000 mourners and before the cooler headed leaders could get among the people to counsel quietness, fully 500 had left the house of mourning.

### APPLICATIONS ARE DENIED.

California Court Refuses Writs of Habeas Corpus to Ruef and Schmitz.

San Francisco, March 15.—The state supreme court has denied the application of Mayor Schmitz and Abraham Ruef for writs of habeas corpus. In the case of the mayor the merits of his application were not dwelt upon at all. The court held that his plea that he was unjustly held in custody on grand jury indictments was made merely to make out a case of habeas corpus; that his restraint was not actual, but technical, and that he became a nominal prisoner for the purpose of securing the writ.

Ruef's petition cited the allegation that the grand jury was illegal because one of the grand jurors had within a year served as a petty juror. The court held this plea to lack weight. Another allegation was that the indictment did not allege an offense. The court held that the charge of attempted extortion was clearly stated. On the subject of admitting the prisoner to bail the court decided that that was a question entirely within the discretion of the trial court.

## DOCTOR'S ALL AGREE THIS TIME.

The most eminent writers on *Materia Medica*, whose works are consulted as authorities and guides in prescribing by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying catarrhal, throat, laryngeal and bronchial affections, it is a most efficacious remedy. In cases accompanied with wasting of flesh, night-sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or urinary organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, bitter or sour risings in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

Pimples, eruptions, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood. In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist doesn't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 693 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has

money order for a patron of his route, and he failed to make the purchase.

### Given up to Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? H. P. Dunn & Co. mtdw

### AMUSEMENTS

#### "Shaun Aroon"

Shaun is an Irish play of the present time. It is one of the best acting plays ever written, and is founded on actual facts which came under the observation of its talented author while in Ireland some time ago. The plot is original, the action is very brisk, the humor abundant and the characters are drawn true to life.

The drama is entirely out of the rut of so-called Irish plays. There are no "red-coats," no drunkards, and no tiresome, worn-out prison scenes. It is a new Irish play in all that the word implies—new in plot, in action, and in characters. The author's skill in construction is admirably shown, and every character has an opportunity for strong individual work. This play will be presented with a specially selected cast at the Grand St. Patrick's Day Entertainment at the opera house on Monday, March 18.

### TO REOPEN MILL BOARDING HOUSE

George A. McKinley has Rented Billodeau House and will Have it Reopened

### WILL EMPLOY SIXTY MEN

In and Around the Cedar Yards And Shingle Mill Just Beginning Started

John Billodeau, owner of the Billodeau hotel in the mill district, but now of Blackduck, was in the city yesterday and today and closed a deal by which he leases the hotel and barn and another small residence he has near there to George A. McKinley. Mr. McKinley will have the hotel fitted up and reopened to accommodate the employees of the cedar yards and lath and shingle mill which he is putting in. Mr. Billodeau informs THE DISPATCH that the yards will employ about 60 men this summer and it was advisable to provide a comfortable and convenient boarding house for such as are single men or transients. This with the men in the Wood & Polk mill, which will open up this spring, will make the old mill district look much more like the days when the big saw mill was in operation.

### CITIZENS' MEETING

Mass Meeting of Citizens at the Commercial Club Rooms to Discuss Better Fire Protection Facilities

There will be a mass meeting of the citizens of Brainerd at the Commercial club rooms tonight to discuss the matter of better fire protection facilities. There will be competent authorities from abroad to discuss the matter with our citizens. All interested in this important problem should be present and all are cordially invited to attend.

### A Pretty Wedding

Minneapolis Tribune:—The home of Mr. and Mrs. E. E. Wheelock on Longfellow avenue, was the scene of a pretty wedding last evening when their daughter, Hazel Bertha, and Frank E. Smith, of Brainerd, were married. The nuptial vows were blessed by Rev. Geo. Ferguson. The wedding choruses from Mendelssohn and Wagner were played by Miss Clover Donnelly, who softly played "Hearts and Flowers" while the service was being read.

The single attendant of the bride was little Wesley Merritt, who was the ring bearer and bore the ring in the chalice of an Easter lily. After the ceremony, Mrs. Louis Hagler, a sister of the bride, sang Mendelssohn's "Spring Song."

The bride looked charming in her gown of white silk mulle fashioned on empire lines. Her full veil was of rare old lace and was worn by the bride's aunt 35 years ago. The veil was caught with a spray of lilies of the valley and her shower bouquet was of bride's roses.

The service was performed in the living room, in a bower formed of leafy smilax and waxen Easter lilies. From the center of the ceiling was suspended a wedding bell studded with fluffy rosebuds.

An informal reception followed the ceremony at which about 80 guests were present. The parlors and living room were arranged in green and white, evidenced in Easter lilies and palms, and in the dining room the general color scheme was red. Clusters of carnations were placed on the sideboard and table.

Mr. and Mrs. Smith left last evening for Brainerd where they will be at home after April 15.

For Sale, a graphophone with 70 good records, can be seen at Skaug's drug store. A bargain. 138t6

### TEACHERS ARE AT ST. CLOUD

Nearly Forty Educators From Brainerd are in Attendance at Association

### FOUR ARE ON THE PROGRAM

Miss Moulton Leads Graded School Round Table—Others to Read Papers

Nearly forty of Brainerd's most progressive teachers went to St. Cloud on the early train this morning to attend the meeting of the Northern Minnesota Educational association which is held at that place today and tomorrow.

There are four Brainerd educators on the program. Miss T. Randolph Moulton will be leader of the Graded School round table, while Miss Emma A. Hanson will read a paper on "Teaching Pupils to Study," and Miss Lou P. Barrett will read one on "Instruction That Does not Influence Pupils in Their Morals, Manners, and Reading out of School is Poor Teaching." H. W. Jones, of the science department of the Brainerd high school will lead the discussion in the high school round table on the subject, "Arrangements and equipment of a Physical Laboratory."

Those who went from here this morning, so far as their names could be ascertained were:

Washington School—Prof. Hartley, Prof. Hanft, Mrs. Dial, Miss Minich, Mr. Jones, Mr. Kimball, Misses Burke, Sherry, Horner, O'Grady, Tuohy, Andrews.

Lincoln School—Misses Moulton, Byron, Tweet, Gallagher, Bower, Owen.

Harrison School—Misses Hanson, Horr, Lewis, Dunn.

Whittier School—Misses Barrett, Bentley, Jost, Lowey.

Lowell School—Misses Thomas, Clark, Hayes, McKinstry, Lindberg, Congrove, Rank, Gorman, Coughlin.

### KILLS CATARRHAL GERMS

Breathe Hyomei's Medicat d Air and You Will Soon be Well.

If you have catarrh in the nose, head or throat, with offensive breath, coughing, irritation of the throat, raising of mucus, difficulty in breathing, sneezing, husky or hoarse voice, discharge from the nose, tickling and dropping at the back of the throat, especially at night, begin the use of Hyomei at once. Its healing medication breathed through the neat pocket inhaler that comes with every outfit, will give quick relief in all catarrhal troubles, and its continued use will kill the catarrhal germs, and drive them from the system.

By using Hyomei you get in your own home the same results as though you lived out of doors in the Adirondacks or the Colorado mountains. The germ-killing properties of Hyomei reach the most remote air cells of the respiratory organs, soothing and healing any irritation there may be in the mucous membrane, and killing all catarrhal germs.

Here in Brainerd where Hyomei has been known and sold; there are many who freely attest its wonderful powers, but the best testimony that can be offered in favor of Hyomei is the guarantee that H. P. Dunn & Co. give with every outfit they sell "money back if it fails."

The complete Hyomei outfit costs but \$1.00, extra bottles, if needed, 50c, making it the most economical treatment of catarrh as well as the only one that is sold under a guarantee to refund the money if it fails to cure.

### FEEL EVERY CHANGE OF THE WEATHER.

A Bad Back is Always Worse During Wet or Changeable Weather.

Is your back like a barometer? Does it foretell every change of weather? Does every cold settle on your kidneys? Bring aching, throbbing pains? Does it disorder the urine? The kidneys are calling for help. Use Doan's Kidney Pills, Guaranteed by Brainerd testimony.

Mrs. J. A. Johnson, living at 611 10th St., S. Brainerd, Minn., says: "My husband's work brings a constant severe strain on the muscles of the back and it recently caused an attack of kidney trouble that became worse whenever he took cold. He suffered from backache and was lame and sore that it was hard to straighten up or ever to move about. There was also an irregular action of the kidneys. Seeing Doan's Kidney Pills advertised he got a box at H. P. Dunn & Co.'s and the treatment proved most beneficial. corrected the kidney trouble and removed the pain and lameness. I also used Doan's Kidney Pills myself, with the gratifying results. They certainly act quickly and surely."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

DEMAREST IS CHAMPION.

Chicago Billiardist Defeats Last Year's Winner.

New York, March 15.—Calvin Demarest of the Chicago Athletic association lived up to his reputation as an amateur billiardist when he won the national amateur championship at 14.2 ball line at the Liederkranz club. He defeated Edward W. Gardner of Passaic, N. J., last year's winner, by a score of 200 to 211.

He won with a clean score of five victories and no defeats. In addition to winning a leg on the new championship cup, Demarest won the high single average of 27.3-11 and the high individual run of 115.

Gardner and Charles F. Conklin of Chicago are tied for second honors, each having won three games and lost two. They will play off the tie.

J. F. Posenburg of the local club won fourth place when he defeated Dr. L. L. Mial of this city. Mial gets fifth place and T. M. S. Rolls of Philadelphia is sixth.

### FOURTEEN LIVES LOST

FLOOD IN PENNSYLVANIA, WEST VIRGINIA AND OHIO CLAIMS MANY VICTIMS.

#### ENORMOUS PROPERTY LOSS

THOUSANDS OF PEOPLE HOMELESS AND THOUSANDS OF OTHERS ARE IDLE.

Pittsburg, March 15.—The greatest flood in the history of Western Pennsylvania, West Virginia and Eastern Ohio is being experienced. The water continues to rise two-tenths of an inch an hour. The crest of the flood is expected to reach here soon, when thirty-five feet will be recorded. This stage is thirteen feet above the danger mark.

The thirty-mile ice gorge at Parker, Pa., has broken and is moving toward the city. The immense gorge in the Clarion river has also started. The ice is soft and little damage is expected. The whole lower downtown district of Pittsburg is under water and people are moving about in wagons and skiffs. Hundreds of business houses are flooded. In a number of instances the water is almost up to the second floor.

Four theaters are surrounded by water. Water has destroyed or greatly damaged the power plants of all four theaters.

The guests in the Colonial, Lincoln, Annex and Anderson hotels are either marooned or compelled to use skiffs to and from the buildings.

Trolley service between Pittsburg and Allegheny has been suspended. Placards announcing the inauguration of a special train service to Allegheny are displayed all through town. At the depots are thousands of people endeavoring to board trains. Patrolmen are endeavoring to restore order. Trains are run regardless of schedules and are packed to the platform steps. Passengers on in-bound trains are unable to make their way through the crowd and are compelled to either stay in the station or tramped or walk along the railroad tracks for a considerable distance.

Trolley, elevator and telephone service is demoralized. Electric light plants in many buildings are out of commission.

#### Fourteen Lives Lost.

Within the past thirty-six hours fourteen fatalities directly due to the flood have occurred.

The damage to perishable goods and property in the Pittsburg district alone is estimated at \$1,000,000. In addition, much destruction is done to property in Western Pennsylvania and West Virginia. At Conneville, Pa., the damage to the coke region is estimated at \$2,000,000.

Over 100,000 persons are temporarily out of employment. The Westinghouse works, employing 30,000, are shut down. All the mines along the Monongahela river are flooded and 10,000 miners are affected. The steel and iron mills are at a standstill and fully 50,000 men are idle. Hundreds of stores and business houses in the downtown section are partially submerged. The flood directly affects over 2,500,000 people.

All the railroads entering Pittsburg are crippled. Telegraph and telephone service is crippled.

In the suburbs of Aspinwall, Sharpsburg, Etna and Millvale over 500 families are living in the second stories of their homes. Whole families were compelled to crowd into upstairs rooms where in many cases they were without fuel and supplies, the latter were distributed later by men in skiffs. Many houses in these suburbs have been undermined and the foundations weakened and are in danger of collapse. The greater portion of Monongahela, Pa., is under water. Hundreds of people are marooned in Pittsburg.

The total property damage is estimated at \$10,000,000, and between 20,000 and 30,000 persons are homeless.

The record of the greatest flood in the history of Pittsburg, which was in 1832, was passed at midnight with the rivers still rapidly rising at a foot an hour. A stage of water reaching at least 37 feet is expected in this city.

Every stream in Western Pennsylvania and West Virginia is on the rampage.

#### FLOODS IN OHIO.

Miami and Muskingum Valleys the Worst Sufferers.

Cleveland, March 15.—Many points in the state of Ohio are experiencing the most disastrous floods that have occurred in years. Dispatches to the Associated Press from many cities and towns representing a good part of the state bring news of swollen rivers and small streams and of death, damage and privation. The Miami and Muskingum valleys so far are the worst sufferers.

At Zanesville, where three persons were drowned, the Muskingum river is rising at the rate of one and a half inches an hour and nears the high water mark of 1898, when the most disastrous flood known in that section occurred. Mayor Deacon has sworn in a large force of special policemen and has given orders to confiscate the boats of owners demanding excessive

### HAD TO WALK

For several years past Mr. C. A. Taylor, 4220 Finney Ave., St. Louis, has been the unhappy victim of a most peculiar malady that, it is said, was the result of an extremely delicate and badly deranged condition of the stomach and nerves, and which caused intense pain when the victim was in any but a standing posture.

"By walking continually" explained Mr. Taylor in speaking of his strange case, "I was able to relieve myself temporarily of the awful torture. What little I could force myself to eat would lie heavily on my stomach and cause me much pain. I could not sleep and night after night I laid awake through what seemed eternity, waiting for daylight to continue my walking in order to find even a moment's relief. Medicines seemed to have no effect on me whatever for I had tried everything imaginable without any relief. However, when Mr. Cooper came to St. Louis a short time ago and the city went wild with enthusiasm over his medicines I determined to see what they would do for me. I used several bottles of the New Discovery medicine and noticed a great improvement from the start. My appetite returned, my digestion grew better, the awful pains disappeared and at night I slept deliciously and peacefully and always awoke refreshed. Now I am entirely cured of my trouble and owe it to the wonderful Cooper medicine."

Cooper's New Discovery cures stomach trouble, nervousness, rheumatism, kidney trouble and diseases of the blood and is a wonderful tonic and system builder. It sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy, costs fifty cents. These medicines are sold only by H. P. Dunn & Co.

City charges in flooded districts. Some families, it was charged, had been compelled to pay as high as \$15 to be rescued from waterbound residences.

A heavy downpour of rain continues at Cosheaton.

At Newark and vicinity improvement in the situation is noted.

In Springfield and vicinity more than \$100,000 damage has resulted and 200 families have been made homeless by the sudden rise of Mad river and its tributaries but the streams are reported falling.

At Findlay flood conditions, which have been serious for thirty-six hours past, eased off when the Blanchard river began falling.

The damage to property in the vicinity of Findlay extends throughout Hancock and adjoining counties.

#### WILL CONTEST SETTLED.

Heirs of Count Creighton Paid for Dropping Suit.

Omaha, March 15.—The threatened contest in the will of Count John A. Creighton, the philanthropist, has been settled by the contesting relatives of Count Creighton being given \$240,000 by those to whom bequests were made. Of this amount, the five lawyers who were engaged to make the contest will receive \$60,000. The contest was placed in the hands of these lawyers last Monday and they will receive the \$60,000 for three days' work.

There were seven contesting heirs, all nieces and nephews of Count Creighton. They will receive \$20,000 each. The remainder of the \$60,000 estate goes to other relatives and to charitable institutions.

### When the Nerves Are Played Out.

Suicide, insanity, falling sickness, paralysis. These are some of the results of worn-out nerves. No one would neglect a disease so dreadful in its results as nervous exhaustion if the danger were only realized with the first symptoms.

The time to begin the restoration of the nerves by the use of Dr. A. W. Chase's Nerve Pills is when you find yourself unable to sleep at night, suffering from headaches or neuralgic pains, indigestion or weak heart action.

Loss of flesh and weight, growing weakness and debility, a tendency to neglect the duties of the day, gloomy forebodings for the future, are other indications of depleted nerves.

You cannot liken Dr. A. W. Chase's Nerve Pills to any medicine you ever used. They are a nerve vitalizer and tissue-builder of exceptional power.

Naturally and gradually they rekindle life in the nerve cells and form new red corpuscles in the blood—the only way thoroughly to cure nervous disorders. Dr. A. W. Chase's Nerve Pills, 50 cents, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
